

PÉCS SUMMER SCHOOL 2024

3 July – 1 August 2024 University of Pécs Hungary

International Human Rights Law and Debate Academy Summer School

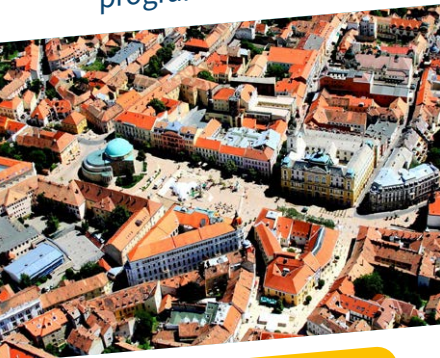

The 4-week program is comprised of two parts:

Current Challenges of International Human Rights Law:

Although essential legal frameworks are in place, today there are still several significant challenges to the protection of human rights both in Europe and globally. This course will address some of the most topical issues in this context, including but not limited to the protection of human rights in armed conflicts, the accession of the EU to the European Convention on Human Rights, the right to asylum versus national security, and the human rights implications of AI systems and algorithmic decision-making.

Debate Academy:

During this course, students will learn how to make arguments using British Parliamentary Debate techniques. The topics of the Debate Academy will be closely aligned with the theme of international human rights. The course will help students improve their critical thinking, public speaking, and debate skills. A special part of the program will include a debate tournament with both written argumentation submissions and debate speeches.

Credits offered: 11 ECTS
Language of instruction: English
Who can apply: Law students
